Vision & Mission

At MP Wire Industries India, we believe honesty and integrity to be the essential spark for excellence in any enterprise. Consistent with our vision, we employ the best technology and modern management practices to ensure effective utilization of resources and a stronger industrial base.

" We aspire to transcend geographical limitations of markets and deliver satisfaction with our range of products in the field of Iron & Steel. "

Who We Are ?

Backed by more than 30 years of domain expertise, M. P. Wire India consistently ranks among the top firms in Northern India and continues its dominant presence in the Iron & Steel industry. We take pride in our state of art manufacturing facilities with emphasis on quality control and timely delivery.

The Metal Wires, Wire Mesh Jali, Iron Jali, Cooler Jali, GP Sheets, J Hook, Pipe Hook, Rivet Bolts, Wire Nails, Industrial Nuts & Bolts and Wire Rod can be availed in required sizes, types and grades from us. Also, all kinds of fencing wires such as Concertina, R.B.T., Barbed wire, etc. still remain to be our Class A products. We customize our products as per the requirements of the clients

Product Profile

Our wide range of products are sure to impress customers with distinctive demands. Winning markets all over Norther India, please have a look at our offerings.

Wire Rod

M.S. Wire Rod : SWRY 14 LC (Low Carbon)

Trading 5.0 mm, 5.5 mm, 6.5 mm, 7 mm, 8 mm & 10 mm size Wire Rods. Wire drawing facility to manufacture HB Wire of different sizes.

5.5 mm Diameter Chemistry as under (%) :

C (Carbon) : 0.08 to 0.14

Mn (Manganese) : 0.40 to 0.50

P (Phosphorus) : 0.04 to 0.050

S (Sulfur) : 0.035 to 0.050

Si (Silicon) : 0.10 to 0.20

H.B. Wire

Through ‘Cold Drawing Process’ using M.S. wire rod

We are renowned to be leading supplier of high mechanical strength H.B. Wires in Northern India, with our extensive range of sizes 6, 8, 10, 12, 14, 16, 18 and 20 Gauges, thanks to the usage of optimum quality materials and always at par technology with industrial quality norms.

M.S. Annealed Wire

High Precision 100% Mild Steel

We have the capacity to provide these mild steel wires in bulk without compromising with their quality and thus have carved a niche in the wholesale MS wire market.

Features

- Anti-corrosive
- Highly durable
- Resistant to high wear and tear
- Available in Various Sizes from 5 mm to 0.80 mm i.e. (6 SWG to 20 SWG)

MP WIRE INDIA
ESTD. 1989

Nails

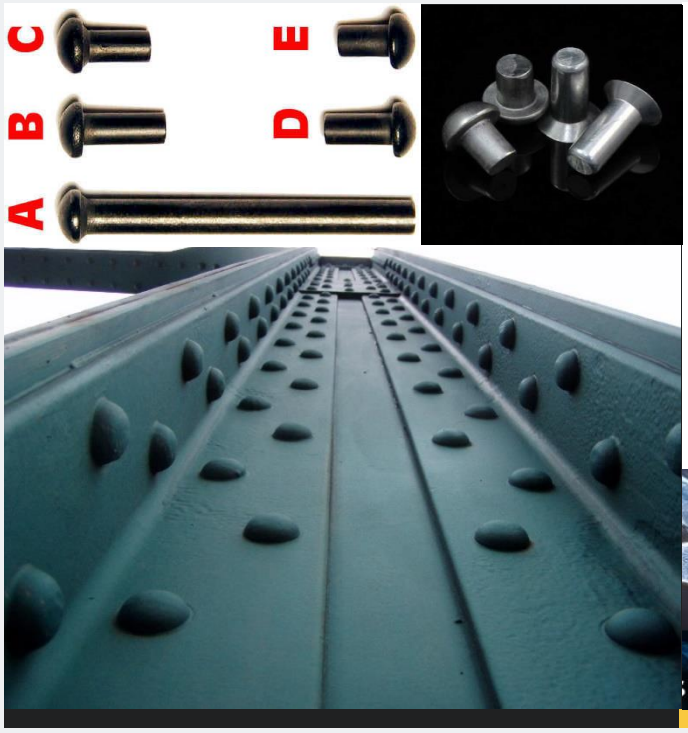
With our in-house quality wire-drawing capacities, our M.S. Nails have been satisfying our customers for decades now. Equipped with high precision nail making and nail polishing setup, we specialize in the following sizes of nails:

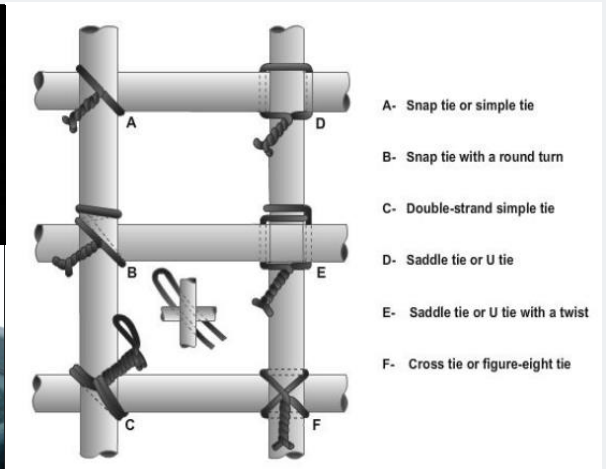
3” Inches	1.5” Inches
4” Inches	2.5” Inches
2” Inches	5’ Inches

Pipe Hook / J-Hook

Available in numerous grades and specifications, our Pipe Hooks are outstanding on the counts of quality, longevity and prices.

Size	All Sizes Available
Thickness B	0-8 mm
Technique	Black Oxide, Hot Dip Galvanized, Zinc Plated





Industrial Rivets

Available in diameters 1 to 5 mm, our industrial grade rivets are also fit for use in robust construction sites, boasting usage of latest technology and hardware to satiate divisive demands of all sizes.

Binding Wire

Our high tensile strength Binding Wire adds strength to construction jobs undertaken by our customers. Made with M.S Wire (20 SWG), our binding wire can be tied in 6 different kinds of knots as per need.

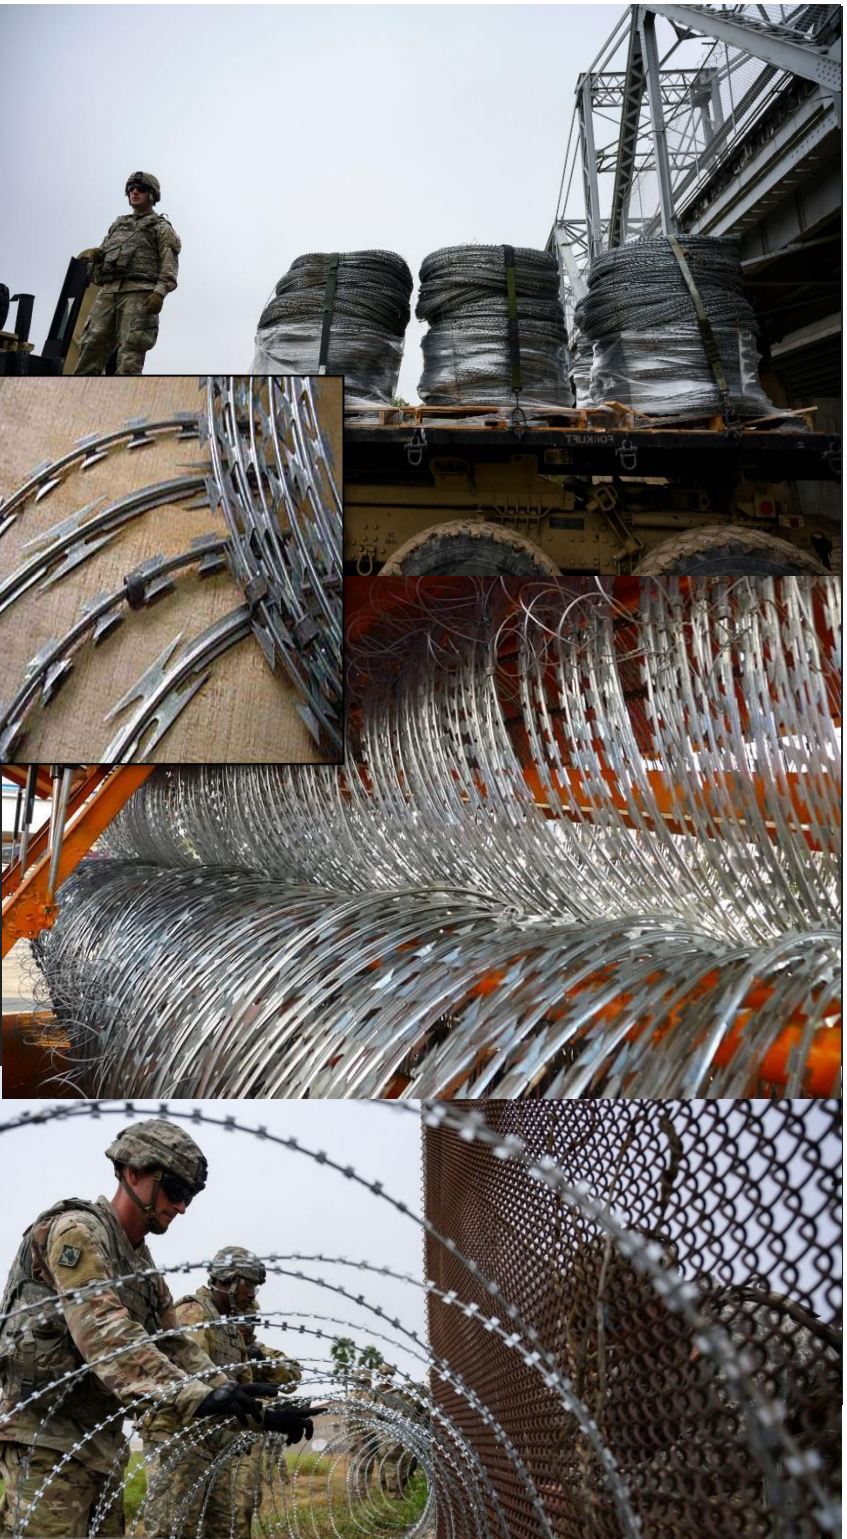
Fencing Wires

Barbed Wire

Cherished by farmers from all over Northern India, our economical offering for fencing properties are available in various sizes, however the following three sub-brands of our barbed wire are especially popular in different segments of market.

Hariyali	12x12 SWG Plain Weave
Kisaan	13x13 SWG Plain Weave
Mangalam	14x14 SWG Plain Weave

MP WIRE INDIA
ESTD. 1989



R.B.T. Wire

Used in fencing in fields ranging from agriculture to defense. With various options including both Galvanized and Non-Galvanized Iron wire, we are able to satisfy various purposes of our customers.

Type	Fencing Net
Diameter	450 mm and 700 mm coil
Packing Available	Cotton Niwar; Stretch Film Packing

Concertina Razor Wire

Our Concertina and G.I. Concertina is supplied typically in single coils or crossed spiral coils. We can produce razor type barbed wire in concertina coils or straight lines. Blade types and specifications vary according to the customers' requirements.

Blade	0.5 mm
Length	180 rings per coil
Weight	6-10 kg

MP WIRE INDIA
ESTD. 1989

G.I. Wire

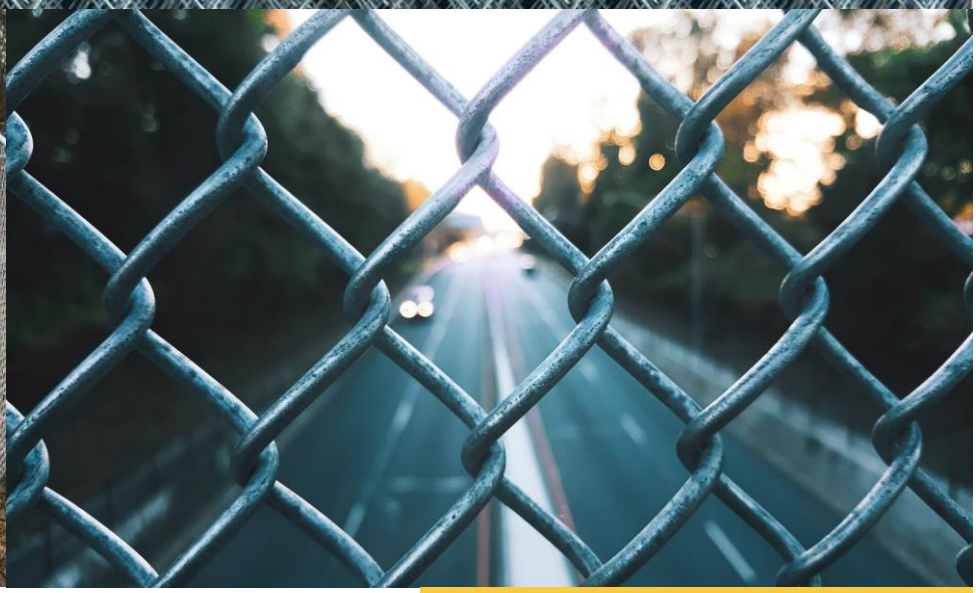
Galvanized Wire is obtained out of M.S. Wire in our dedicated zinc bath plants. This coating of zinc provides corrosion resistance on the wire and increases the longevity of the product. We also offer **G.I. Earthing Wire** used extensively used in electrical equipment and in automobile electronic instruments.

Size	0.90mm to 5.0 mm (6 SWG to 20 SWG)
Surface Treatment	Hot Dip Galvanizing
Zinc Coating	20 gsm – 150 gsm
Packaging Sizes	25 kg and 50 kg bundles

MP WIRE INDIA
ESTD. 1989

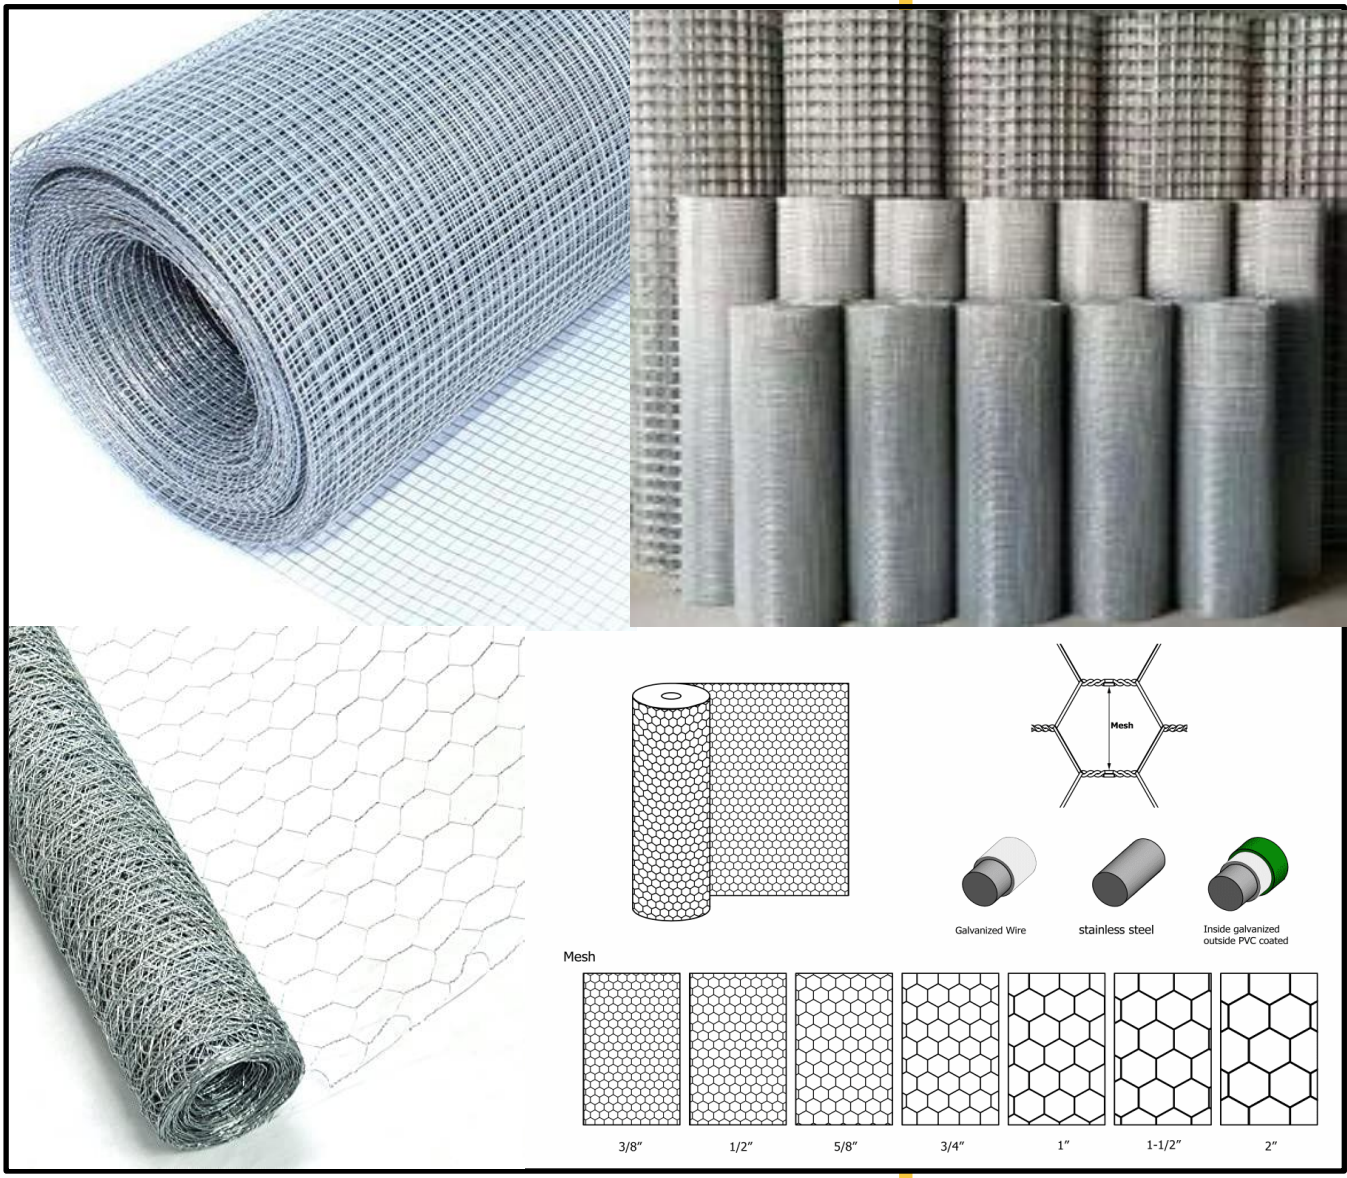
Chain Link Wire Mesh

Available in both compact bundles and full rolls, the flexible fence fabric makes it easier for installation on ground with uneven terrain or steep slopes, and it’s a cost-efficient system. The wires run vertically and are bent into a zig-zag pattern, each “zig” hooks with the wire on one side and each “zag” on the other.



Wire Diameter	1.6mm to 4mm
Mesh Size	25mm to 100mm
Zinc Coating	40gsm to 366gsm
Heights	All Dimensions Available

MP WIRE INDIA
ESTD. 1989



G.I. Welded Wire / Cooler Mesh

The provided wire mesh is manufactured using quality tested raw material and cutting-edge technology by adept professionals. Moreover, this wire mesh is tested against different quality measures so as to ensure its quality. We let the buyers acquire it in tailored specifications as per their needs.

- Features - Corrosion Resistance, Easy to Fit, High Performance
- Wire Diameter - 0.1-1 mm, 1-5 mm, 15-20 mm, 5-10 mm
- Wire Gauge – 12, 14, 16, 18, and 20 SWG

Chicken Mesh

With feasible prices, assured quality and flawless finish, the Chicken Wire Mesh is reinforcing the roof, bird cages and playgrounds used cement industries, stone crushing industries and more. It is resistant to rusting, corrosion and does not react to the acids and alkalis. It has high tensile strength and can be made in different hexagonal gaps.

- Material Grade - Pure hot dipped galvanized steel wire
- Size – 24 SWG and further customizable
- Usage - Industrial, Agricultural, Domestic, Defense

MP WIRE INDIA

G.P. & Zincro Tasla

Our G.P. Sheet and H.R. Sheet Tasla(s) are easy to handle with round edged top rims for proper grip and their dimensions are useful for big hauls. Available in sizes 14, 16, 18 and 20, our Ghamela(s) are extremely durable and handy.

Applications: Garden soil transfer, construction, Farms, General factory uses

Welded Wire Mesh

Welded mesh is stronger and more durable as compared to chain link fences as they are welded at the mesh joints and hence provide higher degree of security. Widely used in agricultural, construction, transportation and mining applications, this mesh is tested on different quality parameters by our experts to ensure its quality. **Available in all sizes.**

Product Profile

Coming to the end of our current market winning offerings out there, we implore you to keep flipping through for information about our upcoming ventures.

G.P. Coil

Cold Rolled Sheets/Strips coated with zinc metal used in roofing, paneling etc. GP sheets are normally produced by Hot Deep Galvanizing of CP Sheets/Strips in liquid zinc bath.

Specifications:

- Thickness: 0.40 mm – 1.00 mm
- Width: 600-1500mm
- Zinc Coating: 90-300 gsm
- Temper: Soft/Hard

Upcoming Projects

We are proud to mention the list of products which we will be soon rolling out in the market, and are currently backing them up with the latest tools & machinery.

Shutter Spring

These shutter springs will be supplied in lengths of approximately 4,000 mm and in short lengths as well. The maximum diameter of the shutter spring we will be producing is 200 mm outer diameter.

Delivery Pipe

We are engineering specially designed two and three-layer delivery pipes to ensure holding of maximum water working pressure. Designed from high quality LLDPE to match the industry standards and quality measures.

MP WIRE INDIA
ESTD. 1989

Tarpaulin Sheet

A tarpaulin is a large sheet of waterproof material available in various sizes, made from plastic LDPE. Tarpaulins available in different materials and thicknesses for various types of applications.

Y-Type (Chirwa) Bolt

One of the key components of setting up holdfasts for doors, etc. are the Y-type bolts, also known as Chirwa bolts. With many more applications this product will be soon available in all sizes as per customers' needs.

Stitch Wire

Our stitch wire functions flawlessly in both semi-automatic & automatic machines for regular and loop stitching applications and is available in galvanized / zinc coating.
